Daily stories

EC ————— TIO

Connubia designs furniture that brings people together — furniture that weaves bonds between lives and personal journeys, shaping the spaces where life quietly unfolds. Tables that set the scene for new encounters. Chairs that cradle secrets, holding words unspoken elsewhere. Rooms brimming with emotion. Authentic, effortlessly natural collections, ready to be part of your everyday life. Trusted companions that transform four walls into a place you can truly call home.

NS

We design products that build connections — your Daily stories.

Progettiamo prodotti che creano legami — le tue Daily stories.

Connubia disegna arredi che creano connessioni. Legami che uniscono persone e storie, dando forma agli spazi dove la vita accade. Tavoli che diventano teatro di nuovi incontri. Sedie che diventano complici di parole mai dette altrove. Stanze ricche di emozioni. Collezioni autentiche e spontanee, pronte a vivere con voi, ogni giorno. Compagni di vita che trasformano gli spazi in luoghi da chiamare casa.

Here are your homes. Lived-in spaces full of objects, movements, and life. These are spaces where people eat and work that also become places for reading and meeting. They are filled with the laughter of friends, family lunches, and the big and small stories of daily life.

Connubia's photographic mood is the result of all this: real environments that truly reflect your personality. We have embraced your lifestyle, choosing not to change anything and leaving the personality of each room intact, because that is where our furniture comes into its own. In real homes. Your homes.

CO ——— NN

Abbracciamo la bellezza della vita vera — le tue Daily stories.

Ecco a voi le vostre case. Spazi vissuti ogni giorno, pieni di oggetti, di gesti, di vita. Spazi dove si mangia e si lavora, ambienti che diventano luoghi di lettura e di incontro, dove trovano posto le risate con gli amici, i pranzi in famiglia, le grandi e piccole storie quotidiane.

Il mood fotografico di Connubia nasce da tutto questo: ambienti autentici che raccontano chi siete davvero. Abbiamo fatto nostro il vostro modo di abitare, scegliendo di non modificare nulla, di lasciare intatta la personalità di ogni stanza, perché è lì che i nostri arredi trovano la loro dimensione.

In case vere. Le vostre.

We embrace the beauty
of real life — your Daily stories.

Connubia addresses the issue of sustainability with commitment and a long-term vision. With the I am Green project, we have chosen to organise all activities related to this commitment in a tangible way, acting on two complementary fronts. Firstly, there is the product: furniture made from natural and recycled materials that has been designed with the circular economy in mind. Secondly, there is our entire corporate system, which is geared towards more responsible development, from production to distribution.

We contribute to building a sustainable future — your Daily stories.

Contribuiamo a costruire un futuro sostenibile — le tue Daily stories.
Connubia affronta il tema della sostenibilità con impegno e visione a lungo termine. Con il programma I am Green abbiamo scelto di strutturare in modo concreto tutte le attività legate a questo impegno, agendo su due fronti complementari: da un lato il prodotto, con arredi realizzati in materiali naturali e riciclati, progettati con una visione circolare; dall'altro l'intero sistema aziendale, orientato a uno sviluppo più responsabile, dalla produzione alla distribuzione.

Connubia is a brand of the Italian company Orbital Design Collective, which designs and creates products with an essential and highly personal aesthetic. Our design approach combines aesthetic intuition with functionality. We believe that design is a language of signs, shapes and colours that can transform into daily narratives. Through the objects they create, our designers express their vision, reveal intuitions and give substance to their imagination. Our expertise is rooted in a profoundly Italian aesthetic sensibility, characterised by a keen attention to detail, a thoughtful approach to movements, and an ability to translate real needs into contemporary, welcoming designs that are made to become part of people's homes.

Diamo forma alle idee trasformandole in oggetti che lasciano il segno — le tue Daily stories. Connubia è un brand di Orbital Design Collettive, una realtà italiana che progetta e dà vita a prodotti dal design essenziale e fortemente personale. Il nostro approccio progettuale unisce l'intuizione estetica alla funzionalità. Per noi il design è un linguaggio fatto di segni, forme e colori capaci di trasformarsi in narrazioni quotidiane. Attraverso gli oggetti i nostri designer esprimono visione, rivelano intuizioni e danno concretezza al proprio immaginario. Il nostro saper fare è alimentato da una sensibilità profondamente italiana, che vive nella cura del gesto, nell'attenzione ai dettagli e nella capacità di leggere i bisogni reali per trasformarli in oggetti contemporanei e accoglienti, fatti per entrare nelle case e per restare.

We are the manufacturers and custodians of a century-old tradition of working with materials and transforming them into designs that will last the test of time.

This experience has been passed down and continuously updated to create a production system that reflects our very high standards. We know that quality begins with the materials used, which is why we select them using rigorous criteria and test them to ensure they are strong, safe and perform well.

We obtain certifications that meet the most exacting standards. Supply chain control is an integral part of our approach: we oversee every stage of the process to ensure reliability and efficiency. This concrete approach results in design products that tell a story of excellence, innovation and a love for our craft.

All our materials comply with the strictest quality standards. For your pleasure, we have sourced fabrics which are not only delightfully tactile and stain-resistant, but ones which hold their colour over time. Our ceramic tops are exceptionally hard-wearing, easy to clean and utterly hygienic. Our wood is protected with special varnishing processes which create an effective barrier against staining. In addition, Calligaris S.p.a. is FSC certified, meaning that it only uses wood that comes from well-managed forests in compliance with strict environmental, social and economic standards.

Connubia — collection finishes

Tutti i materiali che utilizziamo rispettano severi standard qualitativi. I tessuti che abbiamo selezionato per voi sono piacevoli al tatto, resistono alle macchie e mantengono inalterati i colori anche dopo molto tempo. I nostri piani in ceramica hanno eccezionali caratteristiche di resistenza, sono facili da pulire e assolutamente igienici. Il legno che utilizziamo viene protetto con speciali cicli di verniciatura che offrono un'efficace barriera contro le macchie.

Calligaris S.p.a. è inoltre certificata FSC, il marchio che identifica i prodotti contenenti legno proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici.

Finishing materials

Wood types *Legni*

Solid wood *Legno massello*

Obtained by cutting the tree log through a mechanic process. The aesthetic features and grain pattern depend on the wood essence. Solid wood is usually varnished (finishing process) and reproduces the typical essence shades. È ottenuto direttamente dal tronco dell'albero mediante lavorazioni meccaniche. Le particolarità estetiche e di venatura sono caratteristiche dell'essenza legnosa utilizzata. Il legno massello viene finito nelle tonalità tipiche delle varie essenze con una lavorazione di verniciatura (la finitura).

Soft leather *Pelle*

Leather comes from the finest part of the European ox skin (the core) cut in different thicknesses depending on the requests and then tanned. The external finish is obtained by using water based colours. *La pelle utilizzata si ottiene dalla parte più nobile del pellame (il fiore) di bovino europeo tagliato in spessori variabili secondo le esigenze e sottoposto a concia. La finitura esterna è ottenuta con pigmenti a base d'acqua.*
